8-25-67

Dear Mr Weisberg:

Thanks for returns & written notes & comments — The copies are no strain as they are done at Western Electric by Fred on their time & free — He makes a copy of each for himself also — I figured they were easier to file due to size of paper etc — So if I send something of no value just throw it out, as we have a copy here already. The September "Ramparts" had a nice article — Re: Garrison — N.O. WDSU — NBC — CBS. etc. This magazine, I feel, is a small light on an otherwise dark horizon. I'm sure all who receive it here are already on the subscription list however — But, what price "freedom"! As time goes on & things develope — I think the possibility grows that JFK — may have had some direct or indirect connection after all —

Best Wishes
Lois Gaffney —
